

**Gabbie®**  
**2-way texting**

**Solely for public libraries; no clutter or distractions**

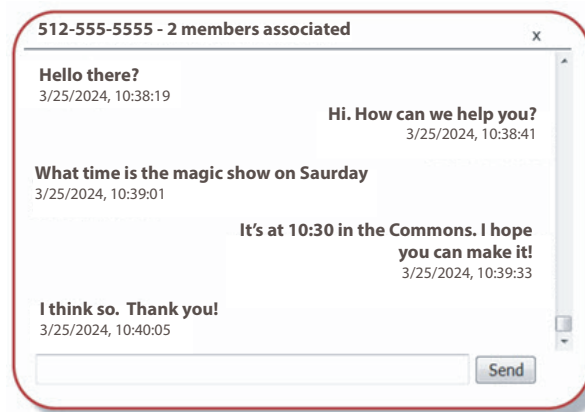

## Gabbie 2-way texting

**Communicate with your patrons in an exciting new way: Two-way texting with auto-commands.**

- Add an “Ask a Librarian” link on your website and emails or newsletters (*This meets the Edge Assessment, Community Value benchmark 2.3 as the “real-time reference service”*).
- Patrons can use auto-commands, like “Renew”. No staff action is required.
- You’ll have your own SMS phone number, but no phone equipment is required. Patrons can add it to their contact list.
- Conveniently converse with patrons directly from your Apollo Dashboard. Includes visual and audio alerts.
- Seamless connection to texts for overdue and reserves and other notifications.
- Patrons requesting help after hours will receive a “library closed” reply.

**No phone equipment required.  
Built-in console available.**

**Energize your library with this ground-breaking communications gold mine.**
