

Acquisitions

Solely for public libraries; no clutter or distractions

Apollo Acquisitions will put you in the driver's seat of your collection budget and order management

- Tracks budgets for all vendors: EDI and non-EDI
- "On-order" record and status automatically displayed in the catalog
- Adds items to Amazon shopping cart with a click
- Performs duplicate check for titles already in your catalog or in any other order
- Automatic order updates for EDI vendors
- Receive items by scanning the ISBN, ASIN, UPC, etc. to go directly to the item
